PUBLIC NOTICE AND INFORMATION

My attention has been drawn to some wretched and vile propaganda circulating on social media that I have abandoned my clients, Mr. Kwabena Adu-Boahene and Madam Angela Adjei Boateng and Advantage Solutions Ltd., on the account of certain very important evidence being alleged as fake document by the Prosecution, which document was received in evidence, without objection, before His Lordship, Francis Apangabuno Achibanga J.A., sitting as an additional High Court Judge.

Kwabena Adu-Boahene's case was launched on the platform of media trial, where lies sell. The court is the forum where evidence and law should settle vexed matters, such as my clients' unfortunate propaganda-driven trial.

I cannot abandon or disown my client. Our legal team is very busy putting together a very solid and credible submission of no case, with the hope that God will turn on the light to dispel the darkness surrounding this sordid allegation.

Dated at Adehye Chambers this 10th day of September 2026.
